Where are you in your life story?

Early Years 0 – 20 Years

We build friendships, learn how to learn, and push beyond our families. We look out the windows of our schools and dream of the things we will do and the lives we will lead.

Adulthood 21 – 64 Years

We fall in love with our careers, our towns, and our families. We choose our paths, and build our nest eggs. We work hard to provide for our needs, and we work smart to provide for our retirement.

Retirement 65 – ∞ Years

There's a good chance we'll spend as much or more of our lives in retirement as we did working. But these are not the shuffleboard years. They're years of sports, travel, exploration, new careers, and making our dreams come true.

Join INPRS during National Retirement Security Week
